Dear Ms. Labs,

November 5, 2019

We have received your Right-To-Know request, dated November 1, requesting "... all search warrants, applications for search warrants, cancellations, and authorization for search warrants between 2012 to the date of processing this request"

Your RSA 91-A request suggests that "The records responsive to this request are likely available in a database, or in some query-able format." In regard to search warrants, the MPD has no such database. The N.H. Right-to-Know Law states that "Public bodies are not required to compile data into a record in response to a Right-to-Know request. See *Hawkins v. New Hampshire Dept. of Health and Human Services*, 147 N.H. 376 (2001). In order to provide this information to your organization, a search warrant database would need to be created by the MPD.

For this reason, the Manchester Police Department cannot provide information which is responsive to your request.

Sincerely,

Capt. Steve Mangone
